REQUEST FOR PROPOSALS FOR LAWN CARE SERVICES

SCOPE

The *Conseil scolaire public du Nord-Est de l'Ontario* intends to issue a purchase order for Lawn Care and Maintenance of specific school board properties.

The Statement of Work is as follows:

- ❑ **Mowing:** the contractor will provide all labour, materials, and equipment to mow the property, beginning upon contract award through October 30 of the current year. All areas are to be mowed to the appropriate height of 3” – 3 1/2”. Grass will be cut weekly (or as needed to maintain 3” height). Delays for poor weather will be permitted. Delays should not exceed 12 days without granted exception from the Supervisor of Plant Services. All areas to be mowed should be free of litter and debris, prior to mowing. If debris is too large to be removed by one worker with equipment other than heavy equipment, the contractor will notify the school Head Custodian. The contractor will also remove any litter or debris cut during mowing, each time the grass is mowed. This is to include all clippings and growth being removed from all walkways, curbs, driveways, and roadways. All mowed areas shall present an even cutting with no variance of height due to pass of cutting equipment. In the case of heavy growth, clippings will be removed or mulched when deemed unsightly by the contractor, Supervisor of Plant Services, or the School Principal.
- ❑ **Trimming:** the contractor will provide all labour, materials and equipment to trim all appropriate areas beginning upon contract award through October 30th of the current year. Trimming will include cutting of growth away from all equipment areas, playground equipment, fire hydrants, signs, hedges, and trees, and any other areas not reachable by mowing equipment. Trimming will be done biweekly (not to exceed 14 days). Delays will follow the same procedure as outlined for mowing. Trimming shall be done utilizing a line - type weed trimmer. All trimmed areas will be cut to the same height as the surrounding grass. No trimming will be done using any chemicals. Trimming will be done on both sides of the chain link fence. All excess growth (i.e. vines, brush, and weeds) will be cleared from the entire fence line and should be maintained.
- ❑ **Landscaping:** all landscaping will, upon contract award, be maintained on an as needed basis, with the written approval of the, Supervisor of Plant Services, until Oct. 30 of the current year. The contractor will remove all grass and growth from cracks or spaces in walkways, curbs, driveways, concrete pads, roadways, fences, and rocky areas within areas of responsibility. All mulched areas will be kept weeded and neat in appearance. All dead flowers, plants, and shrubbery shall be removed. Additional mulch should be added as needed, to maintain a depth of at least 3 inches. All grass bordered by curbs, walkways, and driveways shall be edged and neatly manicured. All hedging will be done on an as needed basis; Hedges and Shrubby should maintain a neat appearance, free on any stray, dead, or broken limbs.
- ❑ **Fertilizing:** the Contractor will apply one application of granulated type fertilizer. Application will be applied no earlier than May 31st of each year. The type and time when

fertilizer is to be applied shall be submitted in writing to the Supervisor of Plant Services for approval prior to any application. In addition, **the contractor will provide a copy of the Material Safety Data Sheets relating to the fertilizer intended for use.** Only after given approval by the Supervisor of Plant Services will the fertilizer be applied. No additional applications of fertilizer shall be applied under this statement of work.

- ❑ **Spraying:** No spraying will be done without prior written recommendation by the Contractor followed by approval from the Supervisor of Plant Services. Any suggestions for spraying conforming to the laws and regulations shall be submitted in writing, along with a copy of the Pesticide Application license and Materials Safety Data Sheets for all chemicals intended for use to the Contracting Officer for approval. The perimeter fence line and roadways will be the only areas considered for use of sprays. Any sprays used shall contain a bright colour marking dye.
- ❑ **Aeration:** the Contractor will provide all labour, materials and equipment needed to aerate once per year (April/May). Any damage to sprinkler system shall be the sole responsibility of the contractor.
- ❑ **Tree Trimming:** the Contractor shall provide for the labour, materials, and equipment needed to trim and groom all trees on the entire complex. Tree trimming will not be done without prior written recommendation by the Contractor, followed by approval from the Supervisor of Plant Services. The Contractor will be responsible for all tree grooming and maintenance for the current year. This is to include the removal of all broken limbs.
- ❑ **Top dressing of athletic field:** the Contractor shall provide for the labour, materials, and equipment needed to top dress the athletic field. Provide a top dressing mixture that combines sand, loam, and peat with a combination order of 3 to 3 to 1 ratio. Sand ratio shall not exceed 3. Overseed with athletic field hardiness type grass seed once top dressing has been completed. Top dressing shall occur in autumn.
- ❑ **Dethatching of athletic field** prior to May 31st.
- ❑ **Athletic field fertilizing** three (3) applications every year, spring, summer and fall with a high end grade golf course fertilizer which will not burn the grass and is environmentally friendly.
- ❑ **Technical Recommendations:** If the Contractor feels there is any work that should be done with the landscaping not covered in this statement of work, he or she shall submit in writing a report to the Supervisor of Plant Services. This report shall include the problems found and recommendations on how to correct the problem. If the contractor should submit any technical recommendations, an estimated cost should also be included. If the Conseil scolaire public du Nord-Est de l'Ontario requests technical advice, the Contractor shall provide the Technical advice the same as if the Contractor found the problem. This statement of work shall allow no more than 4 requests by the Conseil scolaire public du Nord-Est de l'Ontario for technical advice. The Contractor shall submit a cost estimate for any technical reports requested by the Conseil scolaire public du Nord-Est de l'Ontario exceeding 4. The Supervisor of Plant Services shall be the only one to authorize the Contractor to submit a

written report of technical recommendation requested by the Conseil scolaire public du Nord-Est de l'Ontario exceeding 4.

- ❑ **On Site Representative:** The Conseil scolaire public du Nord-Est de l'Ontario will assign a representative from the school or building, to assist the Contractor with any questions that may arise. This person will be known as the Contracting Representative. The Contracting Representative will only be used in assisting the contractor with any questions and unforeseen problems. He or she will not be able or responsible for making any modifications to this Statement of Work or obligate the Conseil scolaire public du Nord-Est de l'Ontario for any additional costs. He or she will not have the authority to stop the Contractor from any work, with the exceptions of matters concerning safety or violation of applicable laws, rules, regulations, and instructions. The Contracting Representative will usually be on site while the Contractor is working. He or she will be the primary contact and will try to maintain a positive working environment for the contractor. Work days and hours: The Contractor shall carry out this Statement of Work during normal working hours of the school. The normal work hours are Monday through Friday, 06h55 until 15h25. The Contractor will work on these days and during these hours only, unless heat conditions predicate. The Contractor will notify the Contracting Representative, on each occasion, when conditions dictate a variance in the working hours.

Neglect to execute the work properly or fail to perform any provision of this contract, the Board may, without written notice to the contractor and without prejudice to any other remedy available, make good such deficiencies and may deduct the cost thereof from the payment then and thereafter due the contractor.

QUALITY OF WORK

The Supervisor of Plant Services or designate shall be the judge of quality of work and its acceptability. Work not acceptable shall be made good immediately at no additional cost to the Board.

The contractor will be responsible to take all necessary steps to protect personnel (workers, visitors, general public, etc.) and property, from any harm during the course of the contract.

Each contractor's performance will be closely monitored. A neglect of service will not be tolerated. The Board reserves the right to adjust a contractor's workload by reducing the number of locations in the event of non-performance. The Board may also terminate the contract in its entirety, upon thirty (30) days written notice to the contractor.

TAXES

The H.S.T. is to be shown separately when invoices are submitted for payment.
